

LionDesk

Manage contacts and automate follow-up.

A simple, integrated customer relationship management (CRM) tool designed for real estate professionals.

“A true turnkey suite at my fingertips... beyond convenient.”

– Kris Darney, REALTOR®

Key Features

Unify and manage contacts

All your contacts in one place – no more cross-referencing spreadsheets and phone memory. Keep track of each communication with your sphere of influence.

Comprehensive access from desktop and mobile app.

Collect, route, and follow up on leads

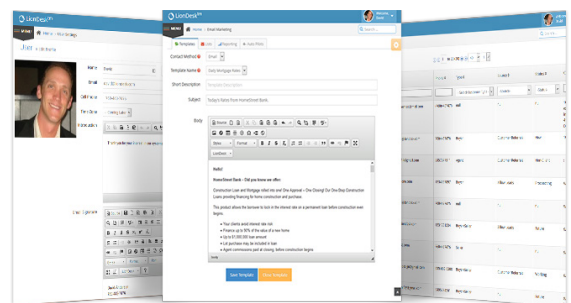

Import leads from dozens of sources, including Zillow, Trulia, and realtor.com. Route them to your team members and track follow-up.

Communicate with your contacts

Build email and text campaigns that include your branding directly from LionDesk. Video email, video texting, and email reporting are all included for CRMLS users.

Integrated hub for CRMLS tools

Log into LionDesk, integrate with numerous popular real estate technology products. CRMLS products that link directly into LionDesk include Cloud CMA, Remine, and ShowingTime.

Connect, communicate, close.
